File Ref. No. _____

March 27, 2015

Dear Community Members,

On behalf of the members of the City of Kawartha Lakes Police Service, I am pleased to present our 2014 Annual Report. We would like to take this opportunity to thank the members of our Service, both sworn and civilian, for their ongoing professionalism and dedication. We are proud members of the City of Kawartha Lakes community, dedicated to ensuring that our community continues to be a safe place to live, work and play!

The vision of the Kawartha Lakes Police Service is “Leading our community towards a safer tomorrow”. We intend to lead our community in increasing its collective capacity to share responsibility for everyone’s safety, security and wellbeing.

We are proud of the support we have from our community partners. From our schools, social service agencies, parents, emergency services partners, business owners, the BIA, City Directors and Staff, Councillors, and Citizens. You have been willing to come forward, to become engaged, to respond and to partner with us in crime prevention strategies.

On behalf of the City of Kawartha Lakes Police Service thank you for your continued support, together we make a difference.

Sincerely,

John Hagarty
Chief of Police

ADDRESS ALL CORRESPONDENCE TO THE CHIEF OF POLICE

ANNUAL REPORT REQUIREMENTS

As required by regulation a police service's annual report should provide:

- An organizational overview of the police service that addresses a statement of purpose and direction of the police service
- A current organizational chart, a description of the organizational structure and information on uniform and civilian staffing levels.
- The actual cost of policing for the previous fiscal year should include a comparison between the actual and estimated cost of policing for that year as was projected in the business plan or approved budget.
- Information on the administration and disposition of public complaints.
- Information on results achieved during the previous fiscal year relating to:
 - a) The police service's provision of community-based crime prevention initiatives, community patrol, and criminal investigation services
 - b) Community satisfaction with police services
 - c) Emergency calls for service
 - d) Violent crime and clearance rates for violent crime
 - e) Property crime and clearance rates for property crime
 - f) Youth crime and clearance rates for youth crime
 - g) Police assistance to victims of crime and re-victimization rates
 - h) Road safety
 - i) Information technology
 - j) Police facilities; and Resource planning

Vision

Leading our community towards a safer tomorrow

Mission

We'll lead our community in increasing its collective capacity to share responsibility for everyone's safety, security and wellbeing.

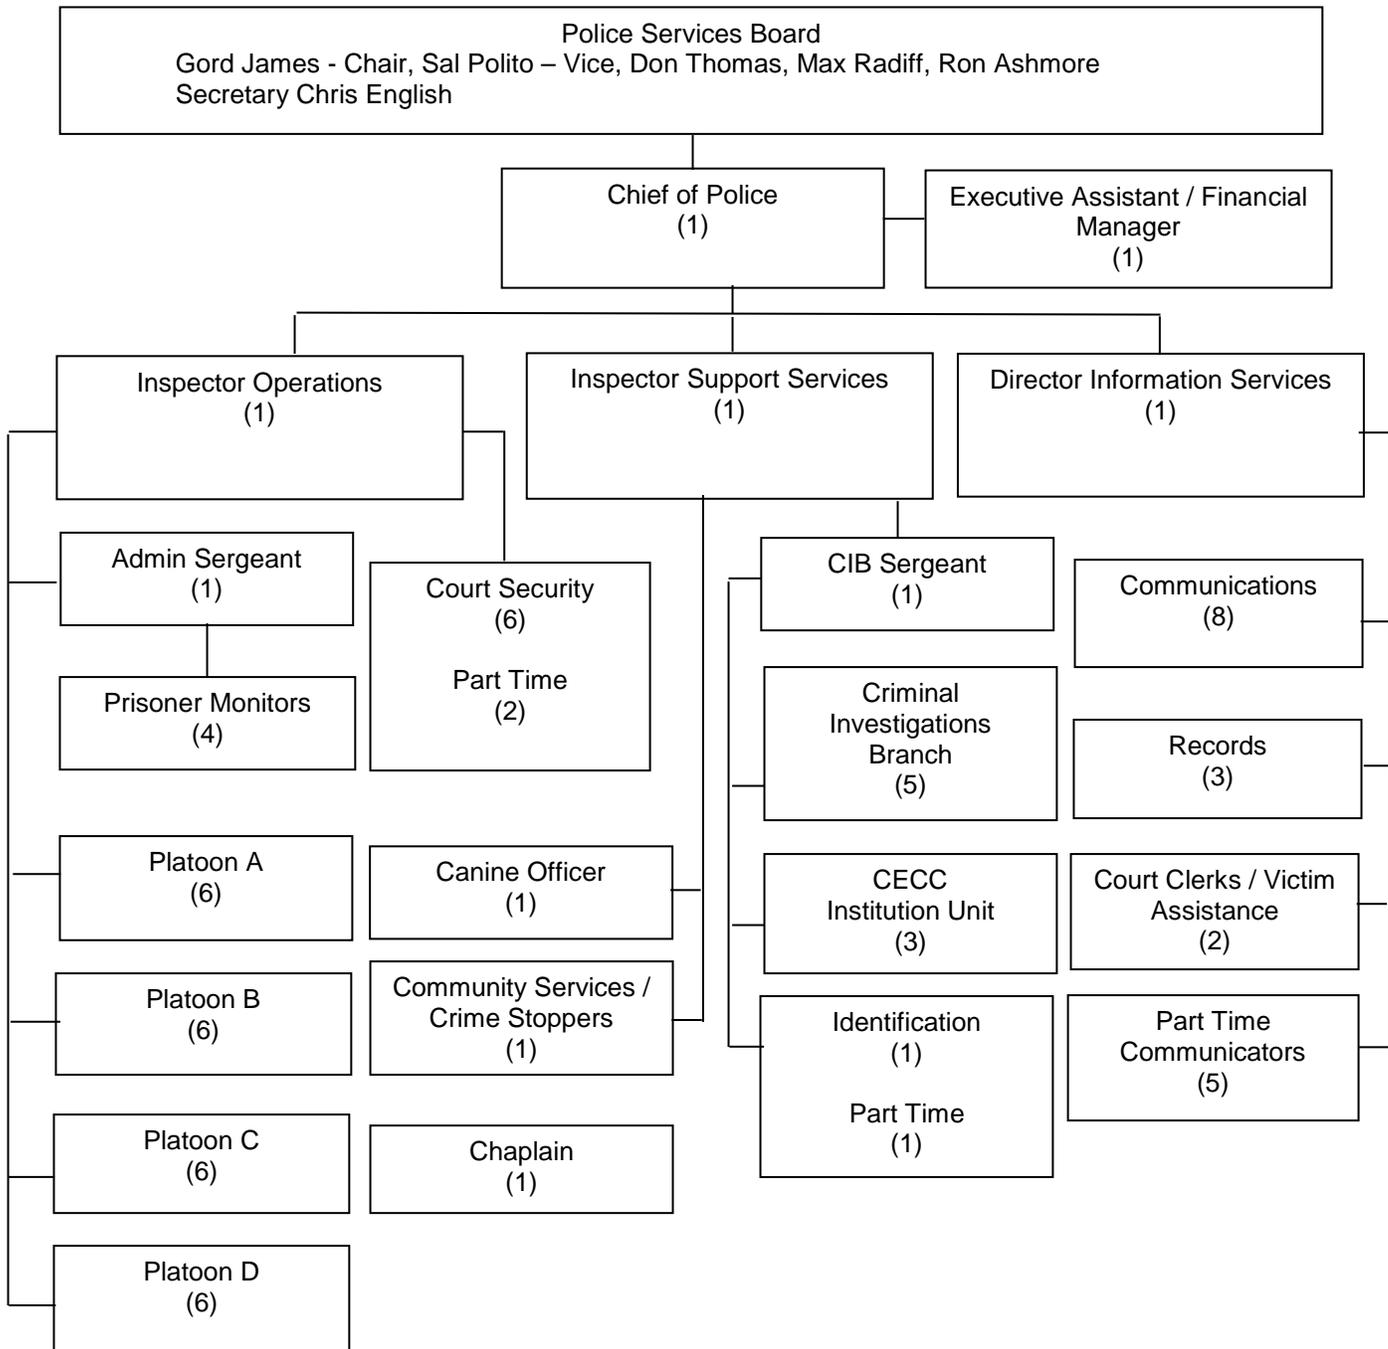

Values

We will:

- *Protect human life as our highest priority;*
- *Be diligent in the pursuit of offenders to prevent, detect and suppress crime in our community;*
- *Be sensitive to the needs of victims of crime;*
- *Enhance quality of life through community empowerment;*
- *Earn our community's trust through our demonstrated integrity;*
- *Guide our members through improvement, innovation and continuous learning.*

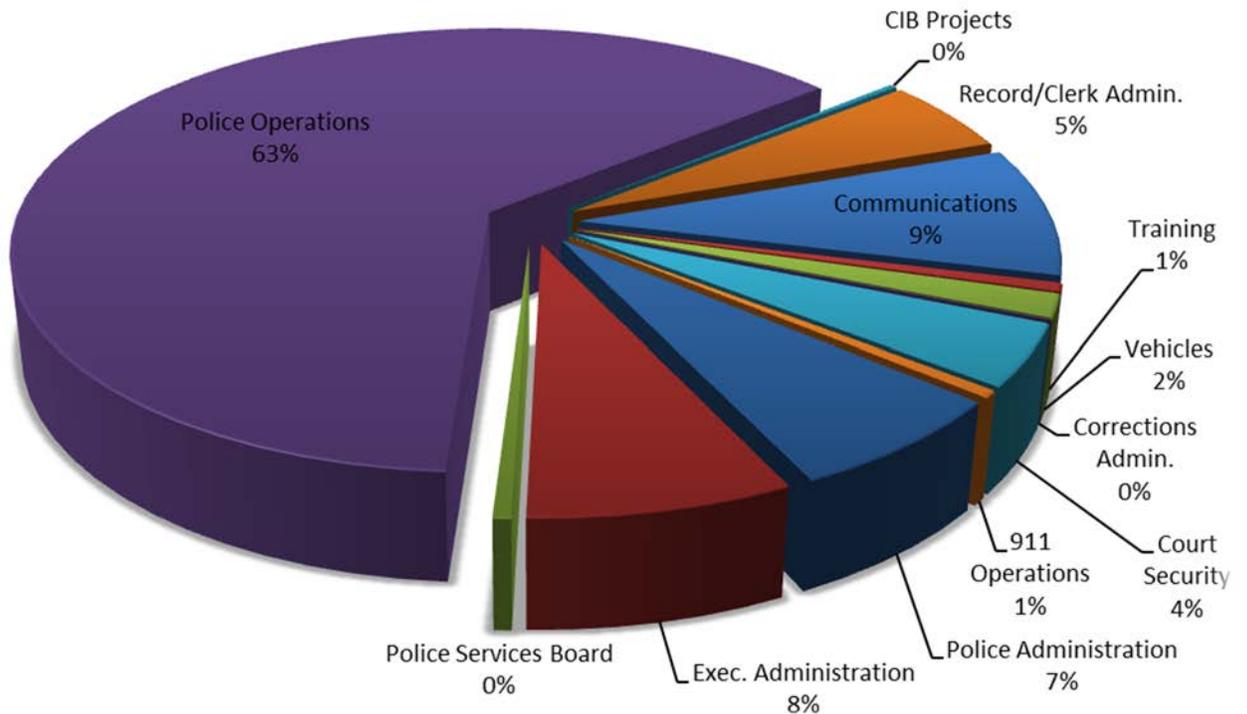

ORGANIZATION CHART 2014

2014 COST OF POLICING

Budget Category	Approved	Actuals	Variance
Police Grants/Fee	(192,401)	(196,687)	(4,286)
Police Administration	518,132	471,422	(46,710)
Exec. Administration	574,175	566,420	(7,755)

911 Operations	39,643	39,643	-
Total	\$7,412,961	\$7,068,900	\$(344,061)

PUBLIC COMPLAINTS

The Office of the Independent Police Review Director (OIPRD) is responsible for handling all public complaints against the police in Ontario. Their mandate is separate from that of the Special Investigations Unit which investigates only incidents of serious bodily harm or death that have resulted from a criminal act by a police officer.

Members of the public who are not satisfied with the services provided by a Police Service or the conduct of an individual officer have the option of filing a complaint with the Police Service involved, another Police Service or directly to the OIPRD. Upon receipt of a public complaint, the OIPRD has the following options:

- The complaint may be “screened out” and no further action taken*
- The complaint may be referred back to the involved Police Service for investigation
- Another Police Service may be directed to conduct the investigation
- The OIPRD may conduct their own investigation

* Complaints that are vexatious, made in bad faith, older than 6 months or not in the public interest may be screened out at the discretion of the OIPRD

Regardless, of who conducts the investigation, the OIPRD has the authority to review all findings and to direct a hearing under the Police Services Act if needed. Members of the public may appeal the findings of an investigation conducted by police, but decisions made by the OIPRD are final and not subject to review.

In 2014, the OIPRD received a total of thirteen public complaints filed against members of the City of Kawartha Lakes Police Service. Of those complaints, seven were screened out by the OIPRD as they were deemed to not warrant any investigation. Thorough investigations were conducted into the remaining six complaints that were screened in by the OIPRD. Four of the investigations were conducted by our police service and the remaining two investigations were conducted by the OIPRD. At the conclusion of the investigations conducted by our police service, two of the complaints were resolved informally after the complainants and the officer came to a mutual understanding. The remaining two complaints were “Substantiated”, meaning that minor misconduct had occurred. The minor misconduct was resolved with an apology and additional training.

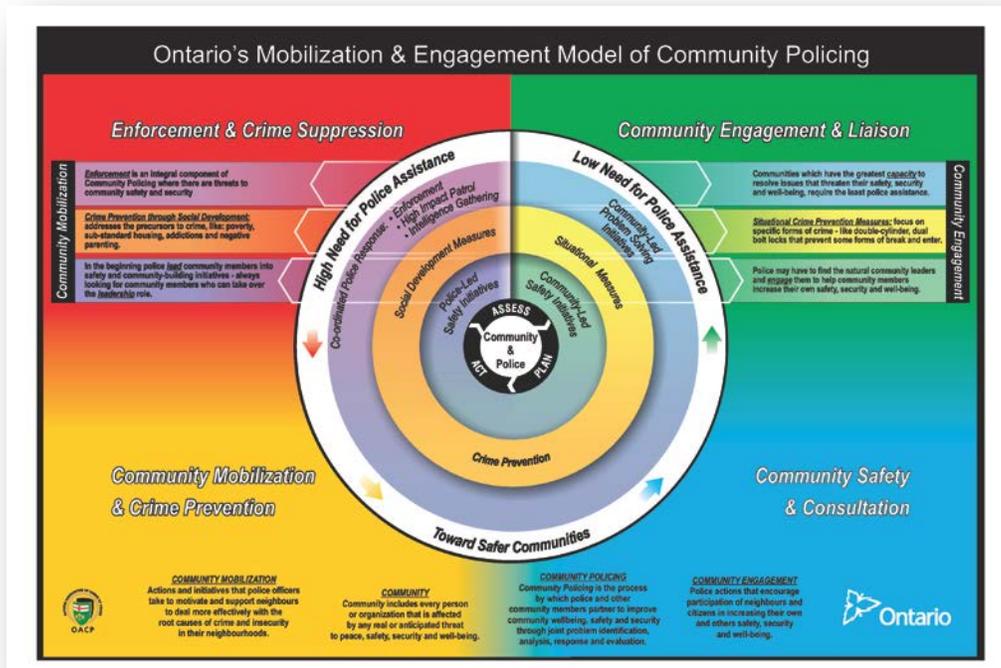

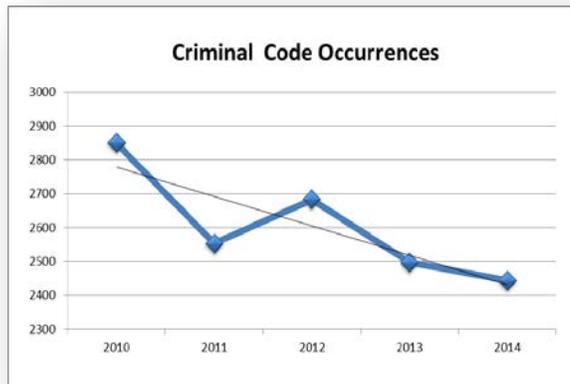

Both complaints retained by the OIRPD for investigation were deemed to be “Unsubstantiated”.

Overall, the volume of public complaints against members of the City of Kawartha Lakes Police Service is relatively low and consistent year to year.

COMMUNITY BASED CRIME PREVENTION

Crime Prevention is the first of the six core functions that must be delivered by police services. The Police Services Act mandates that our police service deliver Community Based Crime Prevention Programs. The Community Services Unit has provided opportunities for the public to become involved in policing. Through initiatives like Crime Stoppers and other community based programming, the link with the community has grown stronger.

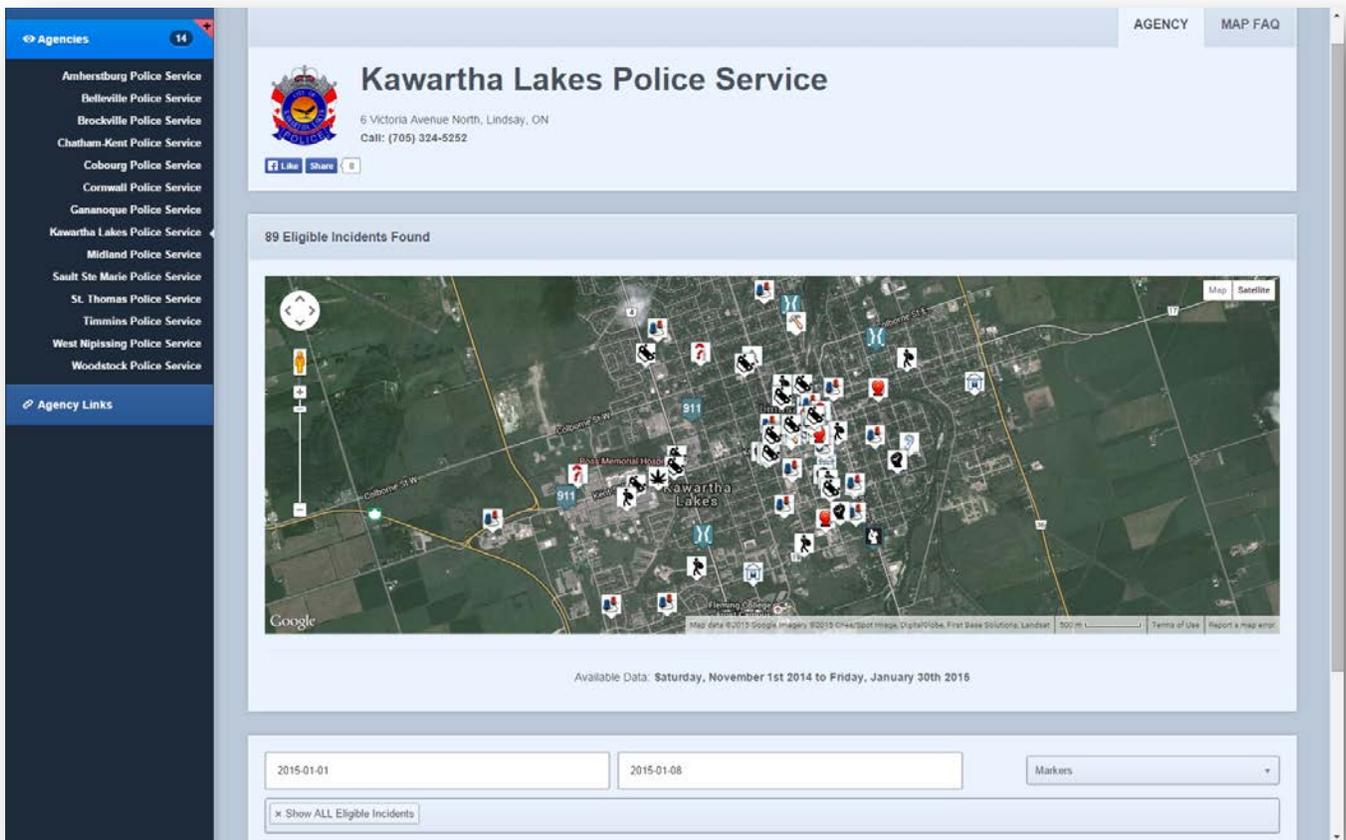

The basic mission for which the police exist is to prevent crime and disorder; and the test of police efficiency is the absence of crime and disorder, not the visible evidence of police action in dealing with it.

COMMUNITY PATROL

Important roles within the core function of law enforcement are general and directed patrol. The Police Services Act mandates that the police service provide community patrol consisting of both general patrol and directed patrol. The occurs in areas and at times where it is considered necessary or appropriate based on such factors as crime, call and public disorder analysis, criminal intelligence and road safety.

A movement toward Intelligence Led Policing, using Crime Analysis, community consultation, community problem solving and a review of deployment strategies are the tools to be used in ensuring that patrol resources are used efficiently and effectively to address issues as they are identified.

Check out our visual mapping crime tool designed to help you visualize reported incidents in our community.
<http://www.crimeplot.com/index.php?accept=0&redirect=/agency/2/kawartha-lakes-police-service.html>

Canine Unit

Rock, our police service dog succumbed to cancer on September 5th 2014.

On September 24th, 2014 we purchased a 14 month old sable coloured German Shepherd and training commenced immediately. In the fall of 2014 the dog and his handler, P.C. Keith Watson, attended a comprehensive training program with the Durham Regional Police Service, and received training as a general purpose police services dog in tracking, article searches, criminal apprehension, handler protection, drug detection and area searches.

In October of 2014 we asked you, our community, to name your police dog. With the assistance of an online survey, you elected to name your community police dog "Recon".

On April 22nd 2006 Corporal Randy Payne, a Canadian Forces Military Police Officer was killed in Afghanistan. Corporal Payne, the son of a Peterborough area couple was killed by a roadside bomb. Shirley, a close family relative residing in Peterborough, suggested we name him "Recon" (short for a military reconnaissance) in honor of her nephew.

CRIMINAL INVESTIGATION SERVICES

The Criminal Investigation Branch (C.I.B.) of the Kawartha Lakes Police Service is operated under the supervision of the Inspector in charge of Support Services who reports directly to the Chief of Police. The Inspector is also responsible for the supervision of officers assigned to the Forensic Identification Unit, Kawartha Lakes Combined Drug Enforcement Unit, Domestic Violence and the Central East Correctional Centre.

The Criminal Investigation Branch works in conjunction with and provides highly skilled investigative support to the uniform branch. The detectives investigate all types of crime, missing persons, intelligence gathering and any matter of the safety and security of the community. The detectives are responsible for the investigation of all major crime that occurs within the policing jurisdiction of the Kawartha Lakes Police Service.

DRUG ENFORCEMENT

The City of Kawartha Lakes Police Service is dedicated to drug enforcement. Again in 2014, our police service partnered with the Durham Regional Police Service, the Ontario Provincial Police, and the Peterborough Lakefield Community Police Service to suppress the illegal distribution of drugs within our community and the province. As a result of our involvement in these initiatives, we partnered with the Peterborough Lakefield Community Police Service during the summer of 2014 for Project Blackrock. This project focused on the illegal sale of prescription narcotics. In total 35 people were arrested for 134 offences.

Due to our ongoing drug enforcement, we seized large quantities of marihuana, oxycodone, fentanyl, cocaine, crack cocaine, morphine and other synthetic designer drugs. These investigations also led to the seizure of numerous weapons, vehicles and over \$200,000 in cash as proceeds of crime.

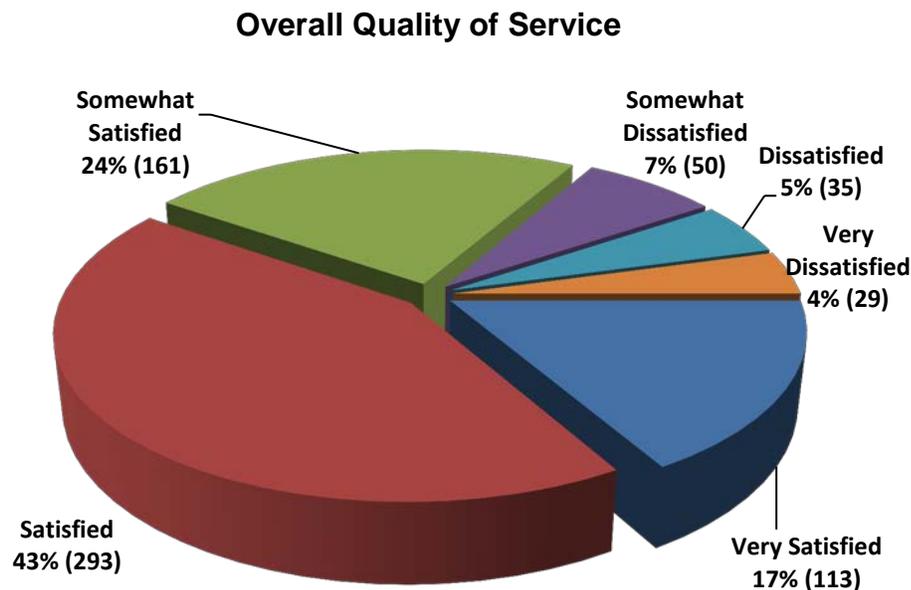

COMMUNITY SATISFACTION

As a fundamental principle of policing, co-operation between the City of Kawartha Lakes Police Service and the community is vital to delivering effective service. Community input in establishing priorities, goals and objectives, as well as solving community problems is vital to this process. Finally, it is very important that we discover how the people of the City of Kawartha Lakes feel about issues in their community, and the quality of policing that they receive.

The Police Services Act mandates that community satisfaction be part of the Business Planning process. The Police Services Board's most recent survey was in 2013, 835 people responded, most electronically although there were a significant number who took advantage of the paper copy approach. The statistical report was presented to the Board and the public at the Board's meeting in February and that report can be found via this link: <http://klps.net/wp-content/uploads/2014/08/Public-Consultation-Committee-Report.pdf>

The Boards Committee, making use of a facilitator, conducted five focus groups, one each for the business, the social housing, the education, and the emergency health care sectors, as well as one for the CKL Police Service and Staff. These focus groups were attended by many of the leaders in each of the sectors and discussions were open and frank and led to a much deeper perception of the policing concerns shared by all involved.

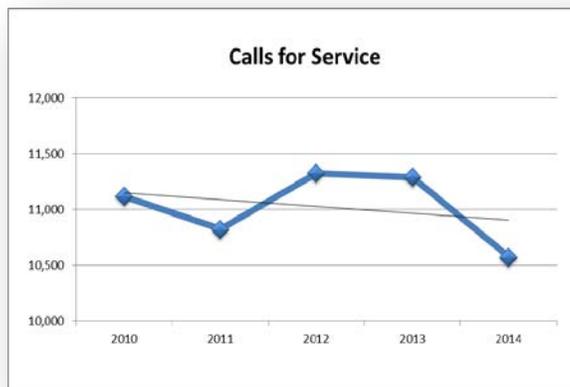

Overall, our community continues to be somewhat satisfied, satisfied to very satisfied with the service that we provide. We are grateful for that feedback and will continue to strive to provide the best service possible.

EMERGENCY CALLS FOR SERVICE

Responding to emergency calls for service is a primary role of the police service as part of the law enforcement core function and is mandated by the Police Services Act. This service requires an efficient call taking and dispatching service combined with an efficient use of patrol personnel on the front line. The people of the City of Kawartha Lakes have high expectations when they call in an emergency situation. As fundamental principles of policing established in the Police Services Act, the protection of life and protection of property are directly impacted by quick and efficient emergency response.

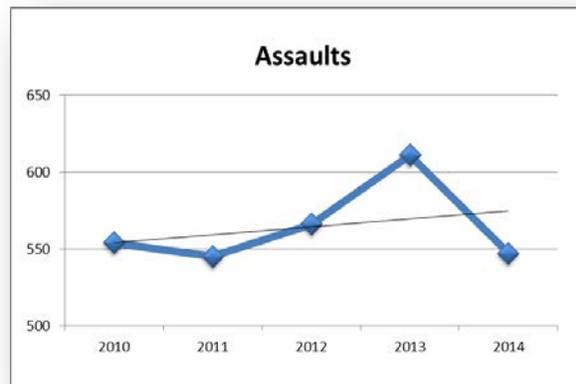

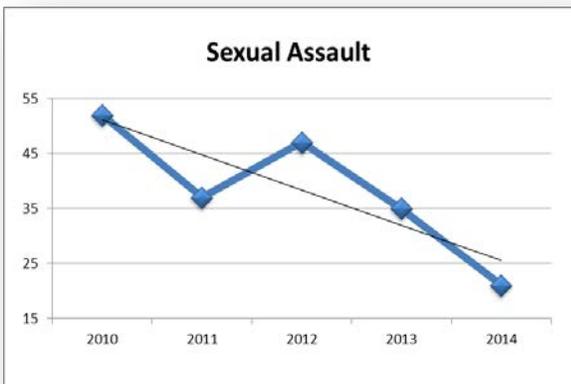

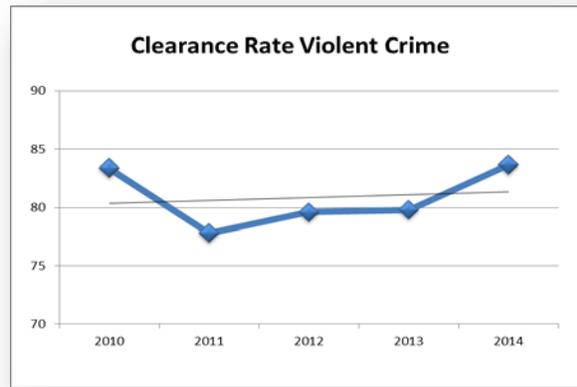

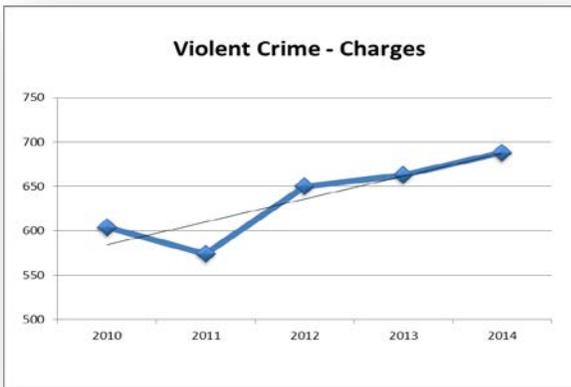

Natural and man-made catastrophic events in the world have underscored the need for emergency responders from all disciplines to be prepared and to work with the community to ensure community-wide preparedness to respond to emergencies. We participate in the City's Emergency Management coordinating committee and actively participate in Emergency Management Training initiatives and exercises throughout the year.

Mock Emergency Management Exercise at City Hall

VIOLENT CRIME

Responding to violent crime is part of the Law Enforcement core function. Crimes against persons, including assaults, sex offences and robberies create fear within a community. We are pleased with the slight downward trend of violent crime offences (versus charges), while our clearance rate remains exceptionally high.

OFFENCE TYPE	2013 Offences	Percent Cleared	2014 Offences	Percent Cleared	Variance in Clearances
Violent Crimes	748	79.8 %	688	83.7 %	+ 3.9 %
Homicide	0	0 %	0	0 %	0%
Attempt Murder	0	0 %	1	100 %	+ 100 %
Abductions/confinements	4	100 %	3	100 %	0%
Sexual Offences	35	83.4 %	21	77.5 %	- 5.9 %
Assaults	612	77 %	552	87.5 %	+ 10.5 %
Robbery	12	41.7 %	7	42.9 %	+ 1.2 %

Violent Crime statistics - Central East Correctional Center (CECC) impact

Our Violent Crime statistics are skewed because of our small population and the impact of the reported crime that occurs within our “Super Jail” - the Central East Corrections Center (CECC).

These crimes occur within the jail - not in the community as a result of the jail - but due to the current Uniform Crime Reporting (UCR) rules these crimes are combined with our community’s statistics when, in fact, they are not community-based crimes at all.

The table below shows a comparison of available statistics from Statistics Canada

Violation type	2012					2013				
	CECC	%	other	%	total	CECC	%	other	%	total
Violent	296	42.1	407	57.9	703	351	50.6	342	49.4	693
Property	15	1.2	1211	98.8	1226	27	2.6	1027	97.4	1054
Other Criminal Code	74	19.9	297	80.1	371	71	18.6	310	81.4	381
Total Criminal Code	385	16.7	1915	83.3	2300	449	21.1	1679	78.9	2128
Drugs	22	16.5	111	83.5	133	26	18.7	113	81.3	139
Other Federal Statutes	0	0.0	6	100.0	6	0	0.0	9	100.0	9
Total	407	16.7	2032	83.3	2439	475	20.9	1801	79.1	2276

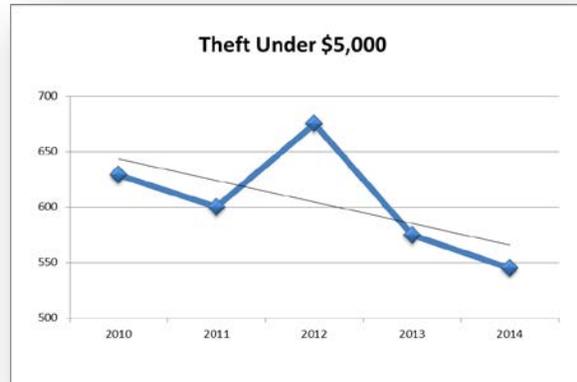

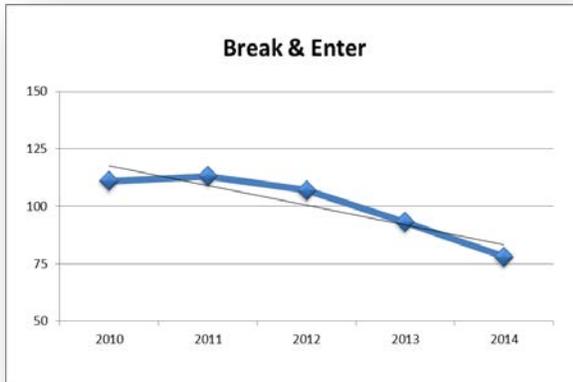

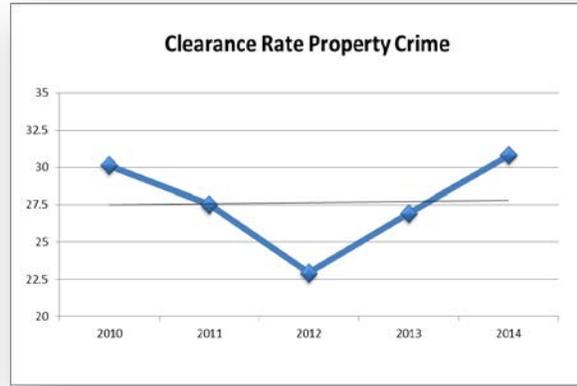

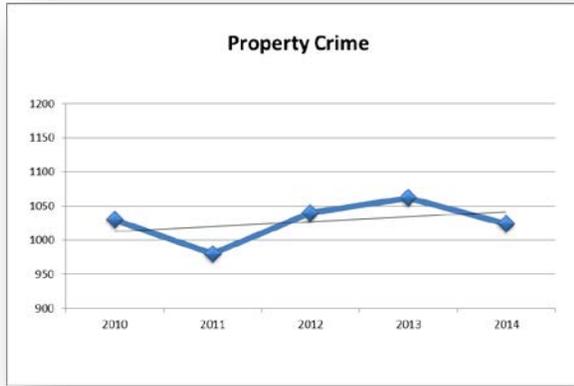

Source: Statistics Canada, Canadian Centre for Justice Statistics, Uniform Crime Reporting Survey.

Note: 2014 data will not be available from Statistics Canada until July 2014

The average violent crime reported incidents at CECC are 323 of 698 or 46.3% of our total.

PROPERTY CRIME

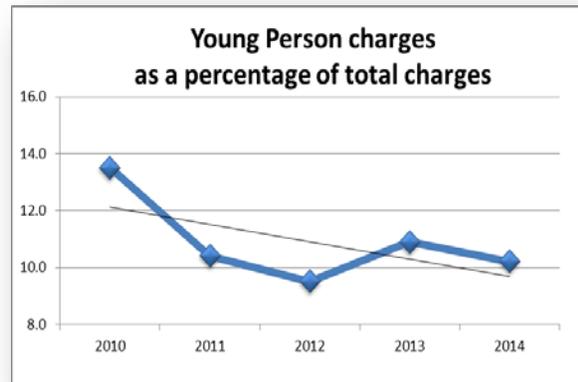

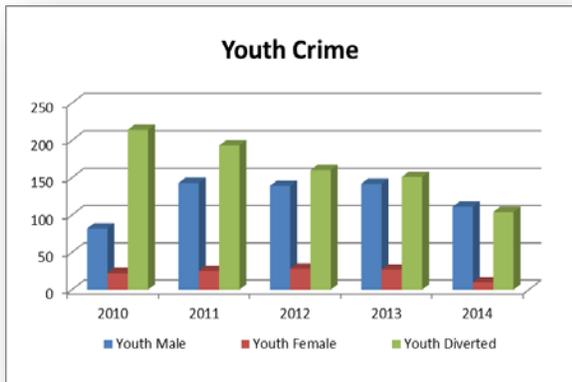

The investigation of crime, prosecution of the offender, recovery of stolen property and its return to the rightful owner is one of the many tasks included in the core function of Law Enforcement.

OFFENCE TYPE	2013 Offences	Percent Cleared	2014 Offences	Percent Cleared	Variance in Clearances
Property Crimes	1062	26.9 %	1024	30.8 %	+ 3.9 %
Break and Enters	94	16 %	82	30.5 %	+ 14.5 %
Thefts – Motor Vehicles	21	33.3 %	20	25 %	- 8.3 %
Thefts Over \$5000	8	50 %	9	33.3 %	- 16.7 %
Thefts Under \$5000	556	30.6 %	536	31.7 %	+ 1.1 %
Possess Stolen Property	133	87.2 %	116	85.3 %	- 1.9 %
Fraud	116	33.6 %	102	44.1 %	+ 10.5 %

YOUTH CRIME

Youth Crime is another element of the Law Enforcement core function. Prevention, education, and enforcement have long been considered the complete approach to dealing with crime issues. Changes in legislation at the Federal level with the Youth Criminal Justice Act have created change in police and community responses to youth crime.

One of our community partners is the Boys and Girls Club who we work closely with in the diversion program; and we are a member of the Youth Justice Committee - they are a collection of agencies that provide services to youth particularly the at risk group.

We understand the perception that youth crime is a problem in our community and others, it is our opinion that this is more perception than reality. Youth crime has actually decreased over the past decade. That being said we will continue to work with our community partners to provide educational programs and effective responses to those that do commit criminal offences.

ASSISTANCE TO VICTIMS

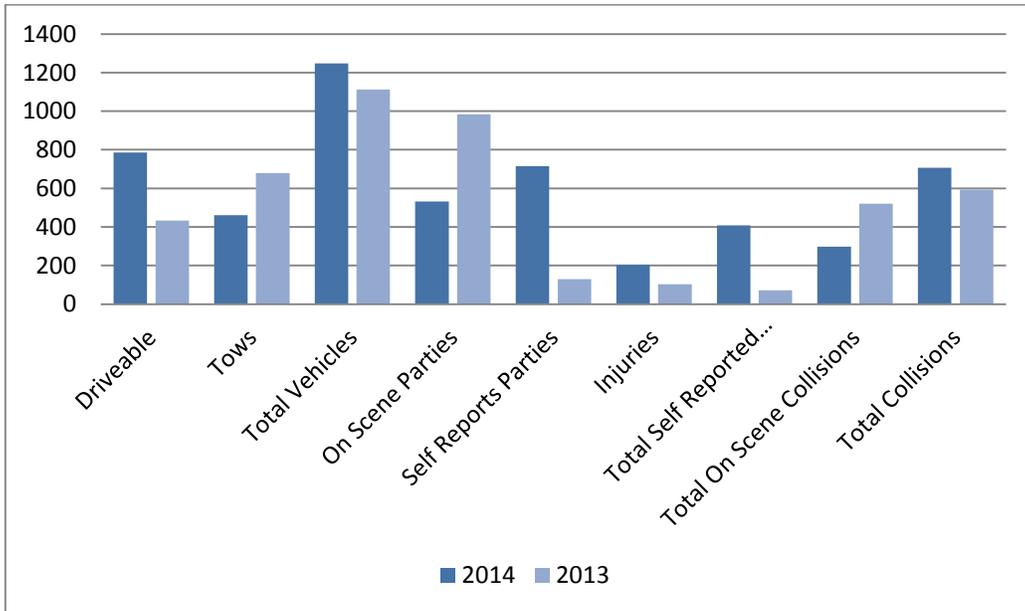

Assistance to victims is a core function of policing mandated by section 17 of Regulation 3/99. It requires that a police service provide assistance to victims. Further, subsection 30(2) requires the police service to address this issue in its Business Plan. The City of Kawartha Lakes Police Service has embraced and takes an active role in both the Victim Services and Victim Witness Assistance Program (VWAP) programs.

We routinely receive letters of thanks, which are copied to employee's personnel files and to the Police Service Board.

ROAD SAFETY

As an element of the Law Enforcement core function, ensuring the safety of the motorists and pedestrians is a necessary responsibility of the police service. The Police Services Act mandates that the police service establish procedures on traffic management and road safety.

	2014	2013	Gain/Loss
Driveable	786	433	353
Tows	461	679	-218
Total Vehicles	1,247	1,112	135
On Scene Parties	532	983	-451
Self Reports Parties	715	129	586
Injuries	204	103	101
Total Self Reported Collisions	408	72	336
Total On Scene Collisions	298	521	-223
Total Collisions	706	593	113

Our detailed 2014 MVC analysis report is available at:

Collision Reporting Centre

The City of Kawartha Lakes Police Service, the Kawartha Lakes Detachment of the Ontario Provincial Police and Accident Support Services International Ltd. (ASSI) facilitators of Collision Reporting to the insurance industry, opened the Kawartha Lakes Collision Reporting Centre on October 15, 2013 at 6 Victoria Avenue North in Lindsay, Ontario.

The Kawartha Lakes Collision Reporting Centre provides enhanced value to the public in the reporting of vehicle collisions by providing a faster and safer response to property damage collisions. In addition, the Centre also helps free up officer time that can be re-allocated to other investigations and crime and accident prevention initiatives. The CRCs are funded entirely by supporting insurers so there is no cost to the Police Service or local taxpayers.

The Kawartha Lakes Collision Reporting Centre is located at 6 Victoria Avenue North, Lindsay. The hours of operation are from 10 a.m. to 6 p.m. Monday through Friday.

Collisions eligible for reporting at the Centre are property damage collisions where there are no injuries and no criminal offences involved. Police will continue to investigate collisions at the scene that involve injuries, suspected criminal activity or damage to private property.

In cases where a collision occurs and vehicles are drivable, citizens will be directed to drive to the Centre to complete their report. In cases where vehicles are not drivable, tow trucks will be dispatched to the scene to clear the vehicles and transport parties involved to the CRC. Upon arrival at the centre, citizens are greeted by a member of the Accident Support Services staff who provides assistance to complete the police report, applies the 'damage reported to police' sticker, photographs the damage to the vehicle, and offers those involved the opportunity to contact their family, broker or insurance company directly from the Centre. They are provided with a one-stop service opportunity for all of their reporting needs. Completed police reports will be reviewed by police on site for accuracy and issuing of violation tickets if warranted.

For more information on ASSI, please visit www.accsupport.com

INFORMATION TECHNOLOGY

The Service's goal in this area is to continue to grow in the area of technology and provide our members with the technological tools required. As the needs, possibilities and efficiencies increase so do system complexities. It is extremely important to have a stable infrastructure.

POLICE FACILITIES

The City of Kawartha Lakes Police Service is located at 6 Victoria Avenue North, Lindsay. The building, consisting of one level with approximately 18,000 square feet, was constructed in 1996. The Annual Facilities Report was provided to the Police Services Board in January 2014, our facilities continue to meet our needs.

RESOURCE PLANNING

The allocation and management of resources is paramount to ensuring that goals and objectives are achieved in an effective and efficient manner. The process includes all aspects of human resources development. Recruiting, training, personnel development, deployment, workload analysis and distribution, and succession planning all play a part in resource planning.

Policing Standards, including the Adequacy Standard Regulation, Use of Force, Suspect Apprehension Pursuits, and other areas require regular training and updating of skills. Employee development is also essential in ensuring that personnel have the qualifications, knowledge and skills to carry out particular duties and tasks.

The implementation of our skills development and learning plan, as required by the Police Services Act, ensures that employees receive the required training and development required. Training is accessed through a variety of means: in-service training, educational subsidies for post-secondary courses, Police College training, as well as training and seminars offered by other police services.

Ensuring that front line officers have the tools and supports is vital to the adequate and effective delivery of core policing functions. These supports include clerical staff, quartermaster stores, property and exhibits, quality assurance, planning and research, and the supply of equipment including the fleet of vehicles required, uniforms, firearms, supplies and other necessary equipment.

CONCLUSION

Policing in the City of Kawartha Lakes is of critical importance to our continued success as a thriving community. We have committed ourselves to continually renew our philosophy of community based policing. This is a commitment based on our understanding of the profound trust that Kawartha Lakes places in its Police Service and its partners. We all take this responsibility seriously and we look forward with enthusiasm to implementing the objectives and measures identified in our business plan <http://klps.net/wp-content/uploads/2014/08/busplanfor2013.pdf>
